

RUDOLF STEINER PRESS

SOPHIA BOOKS

CATALOGUE 2015

Welcome to our complete catalogue of the works of the scientist and philosopher Rudolf Steiner.

(For more information on Steiner and for guidance on using this catalogue, see p. 47.)

Why Rudolf Steiner Press? The publishing landscape is changing fast. In the case of Rudolf Steiner, some of his key works are now in the public domain, whilst a lot of his material can be read freely online. So, why buy books from Rudolf Steiner Press or SteinerBooks (our colleagues in the US, whose titles we distribute)? Well, apart from the obvious – for the love of reading and study – there are a number of good reasons:

– **In contrast** to the publishers of cheap facsimiles of very old translations of Steiner's work, we continually invest in re-translating, editing and improving our editions. More importantly, we commission translations of previously unpublished works (a significant portion of Steiner's lectures and some books are still unavailable in English). See particularly the Collected Works series on pages 4-7.

– **Our ebooks** are carefully checked and proofread for accuracy, and converted into all formats for all platforms. We have a burgeoning programme, with some 160 ebooks currently in print (available via usual retail outlets).

– **Our translations** are officially authorised by Rudolf Steiner's estate in Dornach, Switzerland, to whom we pay royalties on sales (thus supporting their critical work).

– **As a company** dedicated to anthroposophy, we care passionately about the content of our books. With our list of 500+ titles – featuring various series of printed, audio and electronic books of Rudolf Steiner's works, as well as contemporary new research and introductory books by other authors – we are committed to making anthroposophy available to existing students as well as to the general public.

So, look out for the Rudolf Steiner Press brand as a mark of quality, and support us today by buying books – or contact us if you wish to sponsor specific titles or simply support the charity with a gift or legacy.

Sevak Edward Gulbekian, Editor, sevak@rudolfsteinerpress.com

'Collected Works' Series by Rudolf Steiner

The great project to publish the Collected Works of Rudolf Steiner in a uniform, well-edited and presented edition was initiated by our US colleagues at SteinerBooks in 2007. Thanks to a generous legacy from Eva Frommer, MD (1927-2004), and with the active cooperation of the Anthroposophical Society in Great Britain, Rudolf Steiner Press has been contributing to the series – not just by distributing the editions produced in the US, but by publishing new volumes here in the UK.

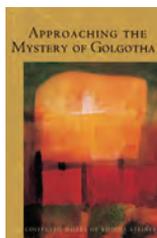

Each book is newly translated, with a comprehensive introduction, notes and index, and colour plates of blackboard drawings where applicable. We hope you will enjoy them, and continue to support our specialized publishing work.

Anthroposophy in the Light of Goethe's Faust
Writings and Lectures from Mid-1890s to 1916
Trans. B. Channer;
SB; 512 pp; 978 0 88010 639; pb; £25

Who was Rudolf Steiner?

Rudolf Steiner (1861-1925) called his spiritual philosophy 'anthroposophy', meaning 'wisdom of the human being'. As a highly developed seer, he based his work on direct knowledge and perception of spiritual dimensions. He initiated a modern and universal 'science of spirit', accessible to anyone willing to exercise clear and unprejudiced thinking. From his spiritual investigations Steiner provided suggestions for the renewal of many activities, including education (both general and special), agriculture, medicine, economics, architecture, science, philosophy, religion and the arts. Today there are thousands of schools, clinics, farms and other organizations involved in practical work based on his principles. His many published works feature his research into the spiritual nature of the human being, the evolution of the world and humanity, and methods of personal development. Steiner wrote some 30 books and delivered over 6,000 lectures across Europe. In 1924 he founded the General Anthroposophical Society, which today has branches throughout the world.

How to use this catalogue

If you are new to the work of Rudolf Steiner, you will most likely feel overwhelmed and perhaps confused by the amount of material available in this catalogue. While Steiner wrote a number of books, the bulk of the volumes here contain transcriptions of lectures he gave.

Where to start? Many people feel most comfortable beginning with the books that Steiner intended as overviews of his work, sometimes referred to as his 'basic' or 'fundamental' books – see *Knowledge of the Higher Worlds*, *Occult Science*, *Theosophy* and *The Philosophy of Freedom* (each available in at least two different translations!) on page 3. Others feel happy simply to begin with a volume of Steiner's lectures. Here, one can refer to the Contents list on p. 2 for the different subject-areas that may be of interest. Alternatively, some readers will prefer a book by many of the other authors listed separately under the different subject-areas. A good number of these titles are introductory in nature. Longer descriptions of the books can be found on our website www.rudolfsteinerpress.com. Also, we are happy to give advice, preferably by phone (01342 824433) or email: office@rudolfsteinerpress.com.
